What your support means to our community

"My husband and I attended the information day in Belfast. It was a very informative and encouraging event and certainly made me feel I was not travelling this RP journey alone. Thank you to all from Retina UK involved. Your hard work is most appreciated."

**Belfast Information Day
attendee**

"Retina UK can offer something that patients need that I can't offer - being able to talk to someone else living with the condition. It's invaluable to me to know I can give your number and whenever they need it, they know someone is there."

Eye Clinic Liaison Officer

"Thank you for the super conference. It was great to see so many people there. We both enjoyed it and gained lots of valuable information. It also gave us a chance to meet and chat with other people who are affected by sight loss, which for us and our sons with Usher syndrome is invaluable."
